Re: United States v. Andrew Burrell, 19-cr-643 (VM)

Your Honor:

I am CJA counsel to Andrew Burrell. I write to respectfully request that the Court order the MDC to treat Mr. Burrell for his many continuing medical issues.

Mr. Burrell's medical issues have been well-documented with this Court. See ECF # 49, 84, 95 and 100. Mr. Burrell reports that he continues to not receive the necessary medical care. A hand specialist has told him that he needs physical therapy; Mr. Burrell has not received any physical therapy. The hospital informed Mr. Burrell he needs surgery to get his nose fixed; the prison refuses to allow him to have the necessary surgery. And Mr. Burrell's ribs continue to cause him excruciating pain, and the prison simply gives him ibuprofen, which does not alleviate the pain. He needs to see a specialist immediately.

Moreover, Mr. Burrell reports that he has been told he is not receiving the necessary care, in part, because he has to wait to be designated to a facility to serve the remainder of his time, but that because of a state hold, he has not been designated. We are unaware of any state hold and any additional information that the government can provide will be much appreciated.

The Government and Bureau of Prisons are directed to respond to defendant's request within five days of this order.

SO ORDERED.

Respectfully submitted,
